

## **Vision for 2021**

1. Looking back at 2020, what fills me with gratitude?
2. Which of my plans and goals became reality?
3. What did not work out as I had hoped for? Where is room for improvement or growth?
4. Which experiences were not great or unnecessary? But what did I learn exactly from these experiences? What was the positive intention behind these experiences and what could I learn only because of these experiences? If I could repeat 2020, what would I do differently? And this I can do in 2021!
5. What can I let go this year, what do I no longer need in my life?
6. Which questions will prevail in 2021?
7. What are my wishes for 2021? Don't limit yourself, it is not about goals, it is about wishes!
8. What is my motto for 2021?
9. Which comfort zone do I want to leave? Where do I meet my fears?
10. What are my 3 main goals for 2021 and which smaller goals are associated with my main goals?
11. Which values shall guide me in 2021? In which areas will these values be relevant?
12. What do I want to try, what do I want to discover in 2021?
13. To what do I say good bye for good this year?
14. What am I really looking forward to in 2021?
15. To what do I extend my advanced gratitude, as if it has already become reality?
